

For Immediate Release:

Harvey Najim, CEO and president of Sirius Computer Solutions is awarded IBM's Lifetime Achievement Award

San Antonio, Texas...Harvey Najim, CEO and President of Sirius Computer Solutions, was awarded IBM's Lifetime Achievement Award by Bob McCormick, Vice President of Business Partners, Americas. This is IBM's highest individual achievement award ever given to a Business Partner. IBM estimates Sirius has contributed over \$1.2 Billion in revenue since becoming a business partner. "This is quite an outstanding achievement," said McCormick.

About IBM

IBM strives to lead in the creation, development and manufacture of the industry's most advanced information technologies, including computer systems, software, networking systems, storage devices and microelectronics. Their worldwide network of IBM solutions and services professionals translates these advanced technologies into business value for their customers.

About Sirius

Sirius is headquartered in San Antonio, Texas and has over 30 regional and satellite offices nationwide. Sirius is a premier member of IBM PartnerWorld and IBM's largest eServer reseller in the world. Sirius has received the IBM Leadership award for the last three years and the IBM International Global Financing award each year since its inception.

Sirius provides value-added solutions for customers in the enterprise systems marketplace by utilizing leading edge technology, services and application offerings. They offer a wide range of solutions in the areas of e-business, customer relationship management, business intelligence, enterprise management, server solutions and enterprise resource planning. Sirius continuously strives to chart new territory to be the unparalleled leader in technology services.
