

For Immediate Release:

Sirius Computer Solutions Announces Siebel Partnership

Sirius is pleased to announce its recent partnership with Siebel Systems, Inc. (Nasdaq: SEBL) the world's leading provider of eBusiness applications software. Sirius is the first IBM Business Partner to provide Siebel eBusiness applications and services to customers on a national basis. Sirius has joined the Siebel Alliance Program to provide clients a world class customer-facing eBusiness solution.

"The relationship with Siebel Systems is very strategic for Sirius' future eBusiness accomplishments. Siebel Systems is well positioned in the marketplace to deliver competitive advantages," said Muditha Karunatileka, Senior Vice President of the Hardware Division of Sirius Computer Solutions. Through other strategic relationships, Sirius has demonstrated their ability to partner with top solution providers. Further evidence of their commitment to this partnership is apparent in the number of dedicated sales people focused and trained on Siebel software as well as a significant investment in demand generation activities.

Established in 1980, Sirius is headquartered in San Antonio, Texas and has over 30 regional and satellite offices nationwide. Sirius is an IBM Premier Business Partner and the largest IBM A/S 400 Solution Provider in North America. Sirius is also one of the largest J. D. Edwards software Alliance Partners in the world as well as a Siebel Platform Partner. Sirius' commitment to customer satisfaction is unparalleled in the industry. Sirius provides value added solutions for customers in the enterprise systems marketplace by utilizing leading edge technology, services and application offerings. They offer a wide range of solutions in the areas of Enterprise Resource Planning, Business Intelligence, e-business, Data Collection, Business Process Consulting, Technology Services, Server Solutions and Network Solutions.
