

## IT financing solutions for tax-exempt state and local government and public education organizations

In order to better serve the needs of the state and local government and public education clients, IBM is now offering competitive tax-exempt financing rates for terms of 24 to 60 months with minimum transactions starting at \$10,000.

These tax-exempt financing rates are competitive with other providers in this market space, making this a great opportunity for you to get your single-source IT financing solution from IBM.

### Eligible products and services

- All IBM and OEM hardware, including IBM Certified Used Equipment™
- Other tangible equipment
- IBM software, maintenance and services, if included in a predominantly hardware solution
- Qualified OEM software
- Qualified OEM services

### Other financing offerings and services

The following offerings and services are provided through IBM Global Financing, at highly competitive rates.

**Fair market value (FMV) lease**  
A lease that gives you the option of returning the equipment at the conclusion of the contract, or purchasing it outright at the then-current fair market value

### IBM Certified Used Equipment

From notebooks and desktops to servers and peripherals, there's no better way to save on genuine IBM solutions than with IBM Certified Used Equipment. Much of our equipment is sourced from excess IBM inventory, as well as lease returns from IBM Global Financing customers. Every unit is factory refurbished and tested to IBM specifications, providing optimum performance and maximum reliability at prices that can be significantly less than new.
