

Sirius Services Offerings

IT Enterprise Optimization & Virtualization Services

- IT Process Assessment Services
- Data Center Applications and IT Services Moves and Relocations
- Service Management Assessment Services
- Applications Infrastructure Optimization Services
- Business Process Enhancements (Re-engineering & Management) Services
- IT Services Management Analysis and Roadmap Services
- Performance and Capacity Optimization Analysis and Management Services
- IT Steady-State Analysis Services
- Change Management Analysis & Enhancements Services

Managed Services

- Systems Management Services
- Disaster Recovery and High Availability Management Services

Project Management Services

- Project Management Services
- Program Management Services
- Project and Process Assessment Services

Client Asset Management Services

- IT Asset Management Services
- Managed Training Services

Financial Services

- Acquisition Advisory Services
- Asset Disposition Services

Business Continuity & Resiliency Services

- Availability and Recoverability Optimization Analysis and Management
- Comprehensive BCRS Analysis, Planning, Integration and Testing Services
- Comprehensive Backup & Recovery Infrastructure Optimization Analysis
- Emergency Preparedness Program Services
- Emergency Preparedness Workshop
- Emergency Preparedness: Recovery Current State Assessment and Roadmap Services
- Enterprise Business Impact Analysis Services
- BC and DR Architecture Standards Services
- BC and DR Disaster Declaration Services
- BC and DR Logistics Services
- BC and DR Remediation Services
- BC and DR Policy and Awareness Services
- BC and DR Tabletop Exercise Services
- BC and DR Operational Recovery Services
- BC Pandemic and HR Incident Response Services

Enterprise, Security, Compliance and Governance Services

- Application Security Assessment Services
- Compliance Readiness Gap Assessment and Remediation Services
- Governance, Risk and Compliance Services
- Managed Security Services
- Security Program Development & Policy Services
- Information Security/ISO/Risk & Vulnerability Assessment Services
- Cloud & Virtualization Security Assessment Services

Storage Optimization Services

Storage Implementation & Virtualization

- Storage Optimization Review Services
- Enterprise Disk Planning and Implementation Services

- Midrange System Disk Planning and Implementation Services
- Network Attached Storage Disk Planning and Implementation Services
- IBM N series/NetApp Health Check Assessment Services
- Tape Planning and Implementation Services

Data Protection

- Planning and Implementation Services for IBM Tivoli Storage Manager
- TSM Version 6 Planning & Upgrade Services
- Implementation Services for Symantec NetBackup
- Backup/Restore Health Check for Tivoli Storage Manager or Symantec NetBackup

Data Management

- Implementation Services for IBM Tivoli Storage Productivity Center for Data
- Implementation Services for IBM Tivoli Storage Productivity Center for Disk
- Planning and Implementation for DFSMSHsm Services
- Design Review Services for Data Facility Storage Management System

Data Migration

- Open Systems Data Migration Planning and Implementation Services
- Mainframe Data Migration Planning and Implementation Services

Data Center Services

Unified Compute Infrastructure

- Data Center Optimization Briefing Services
- Cisco UCS Proof of Concept Services
- Cisco UCS Architecture & Design Services
- Cisco UCS Implementation Services
- Cisco UCS Capacity Planning & Performance Tuning Services
- Unified Network Assessment & Roadmap Services
- Unified Network Proof of Concept Services
- Cisco Nexus Implementation Services
- Cisco Nexus Capacity Planning, Performance Tuning & Support Services
- Physical Infrastructure Health Check Services
- Physical Infrastructure Assessment Services

Data Center/Facilities

- Physical Infrastructure Project Definition Workshop Services
- Physical Infrastructure Project Planning and Management Services
- Hardware Relocation Services
- Physical Infrastructure Maintenance and Support Services
- Physical Infrastructure Co-Location Services

Borderless Networking Services

Routing & Switching

- Network Strategy Services
- Network Assessment Services
- Advanced Enterprise Quality of Service Design Services
- General Network Support Services
- cNOC Services for Cisco Network Infrastructure

Network Security

- Advanced Network Security Assessment Services
- Network Security Design and Implementation Services (VPN, Network Access)

Wireless Networking

- Wireless Assessment and Design Services
- Wireless Network Installation Services

Unified Communications & Collaboration Services

- IP Telephony Services
- Unified Communications Design and Architecture Services
- Network Readiness Assessment Services for Voice and Video
- Contact Center Services
- Video Solutions Services

Cloud Solutions Services

- Cloud Briefing
- Cloud Strategy and Roadmap Services
- Public Cloud Due Diligence Services
- Private Cloud Design and Implementation Services
- Cloud Security Assessment Services

Industry-Standard Servers (ISS) Services

Server Virtualization

- Virtualization Assessment and Design Services
- Virtualization Implementation Services
- Server P2V Migration Services
- Virtualization Health Check Services
- Virtual Desktop Infrastructure Assessment and Design Services
- Virtual Desktop Proof of Concept Services
- Virtual Desktop Implementation Services
- Virtual Backup and Recovery Assessment Services
- Virtual Backup and Recovery Plan Implementation Services
- Open Source - Red Hat Readiness Assessment Services

Messaging

- Microsoft Exchange Migration and Upgrade Services
- Microsoft Exchange Health Check Services
- Microsoft Active Directory Migration and Upgrade Services
- Microsoft Active Directory Implementation Services
- Microsoft Active Directory Health Check Services

Hardware

- Server Infrastructure Optimization Analysis and Design Services
- Server Implementation and Configuration Services
- Blade Implementation and Configuration Services
- Server/Blade Health Check Services
- Server Backup and Recovery Assessment Services
- Server Backup and Recovery Plan Implementation Services
- Storage Implementation Services
- Storage Health Check Services
- Systems Management Implementation Services

IBM Power Systems Services

- Power Architectural Review Services
- Server Infrastructure Optimization Analysis and Design Services
- Operating System Upgrade Services for IBM Power Systems
- Installation Services for IBM Power Systems
- System Transition Services for IBM Power Systems
- Systems Management Services for IBM Power Systems
- Logical Partition and Virtualization Implementation Services for IBM Power Systems
- Performance Analysis and Tuning Services for IBM Power Systems
- Health Check Services for IBM Power Systems
- Storage Consolidation to IBM Power Systems Services
- Security Assessment Services for IBM Power Systems
- Security Installation and Implementation Services for IBM Power Systems
- Enterprise Identity Mapping/Single Sign-On Implementation Services for IBM Power Systems
- Encryption Design and Implementation Services for IBM Power Systems
- Media Encryption Implementation Services for IBM i on IBM Power Systems
- High Availability Assessment and Implementation Services for IBM Power Systems
- System Recovery Testing Services for IBM Power Systems
- Backup / Recovery Design and Installation Services for IBM Power Systems
- Replication Implementation Services for IBM Power Systems

IBM System z Services

- Cabling Services for IBM System z Environments
- Processor Installation and Replacement Services for IBM System z
- Parallel Sysplex Design and Implementation Services for IBM System z
- z/OS Migration Services
- z/VM, z/VSE or VSE/ESA Migration Services
- DB2 Migration Services for IBM System z
- CICS (Customer Information Control System) Transaction Server Migration Services
- zBuild Assist Services
- Assessment for IBM System z PCI (Payment Card Industry) Compliance
- Workload Manager Policy Evaluation Services for IBM System z
- Enterprise Application Development Tools and Utilities Services for IBM System z
- Security Server Assessment Services for IBM System z
- Security Server Implementation Services for IBM System z
- CICS (Customer Information Control System) Custom Installation Services
- Enterprise CICS Tools and Utilities Implementation Services
- Systems Programming and Technical Support Services for IBM System z
- DB2 Health Check Services for IBM System z
- Linux on IBM System z Feasibility Analysis Services
- Linux on IBM System z Enablement Services
- Server Time Protocol (STP) Services for IBM System z
- IBM System z Capacity Planning Services
- Encryption Services for IBM System z

Software Services

- Enterprise Modernization Services
- Business Optimization Services
- Collaboration Services
- Identity & Access Management Services
- Commerce Services
- Enterprise Content Management Services
- IBM Rational HATS Training Course
- IBM Rational Developer for Power Training Course
- Web Services Design and Creation
- DataPower Secure Integration Services
- Enterprise Java Development Services
- Business Modeling for BPM
- IBM Business Process Management Implementation Services
- SOA Integration Development Services
- IBM Rational Team Concert Implementation and Mentoring Services
